Level 13

Bandit Level 13 → Level 14

Level Goal

The password for the next level is stored in **/etc/bandit_pass/bandit14 and can only be read by user bandit14**. For this level, you don't get the next password, but you get a private SSH key that can be used to log into the next level. **Note: localhost** is a hostname that refers to the machine you are working on

Commands you may need to solve this level

ssh, telnet, nc, openssl, s_client, nmap

1. Copy the SSH key provided in `sshkey.private` and change permissions:

bash
CopyEdit
chmod 600 sshkey.private

2. Use the private key to SSH into Bandit14:

bash
CopyEdit
ssh -i sshkey.private bandit14@localhost

3. Read the password:

bash
CopyEdit
cat /etc/bandit_pass/bandit14
